

Servants' NEWS

A newsletter for servants of the Almighty Eternal Creator, wherever they may be

The Local Servants' Directory has been removed because its information was out of date.

If you are seeking godly fellowship, we encourage you to pray and ask our loving Creator to show you a place where you can grow and be a blessing to others. The important question to ask: "Is the spirit of God working there?" The congregations within a church organization vary greatly from place to place and through the years as well. We encourage you to attend a variety of congregations and ask people in each one about other congregations they may be aware of. We encourage you to use the Internet and yellow pages.

And you will seek Me and find Me, when you search for Me with all your heart (Jeremiah 29:12).

Once you find a place where you can learn and serve, stay there and be a blessing to others. You cannot be a pillar in more than one house at a time. May our Father bless your search and your service.
